The amendment received 11/28/06 has been made of record. Claims 1-34 and 36-52 are pending.

The finality of the previous office action is withdrawn. Prosecution on the merits is hereby reopened.

The indicated allowability of claims 36 (renumbered claim 35) and 39 (renumbered claim 38) is withdrawn upon further consideration.

Claims 1-14, 17-20, 22-34, 36-46, 49 and 52 are rejected under 35 U.S.C. 102(b) as being anticipated by Norman et al.

Upon further consideration this rejection is reinstated for reasons of record with the following additional comment.

Applicants' arguments concerning their definition of a friction modifier as excluding antiwear additives are seen as also excluding component (i) of the reference as being considered a friction modifier.

The amine salt of sulfurized dibutyl hydrogen phosphate is seen as disclosed by the reference at column 4.

Claims 15, 16 and 21 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

Claims 47, 48, 50 and 51 are allowed.
